CTB Assault Backpack

Whether you are attacking the urban jungle, the one-day wilderness trek or a long day on the range, our Cougar Tactical CTB Assault Backpack is the perfect companion. This top-of-the-line bag offers the ruggedness you expect from a high performing military-grade backpack. It is designed to withstand the toughest of environments from the city streets to the back woods and mountains. Constructed with 1050 denier CORDURA Mil-Spec nylon, incorporating both water and chemical resistance, and holds up the fluctuations of different temperatures. This pack also offers phenomenal storage options, including a customizable main compartment that can be divided into two smaller compartments with an internal divider, boot compartment, lined pocket for eyewear, two quick access side storage pockets with fold out cleaning station. Cougars Airflow design allows constant circulation to help reduce stress from long wear and moisture build up. Our Assault Backpack, like it's big brother the Multi-Day Pack, also offers either a Pistol or Waist Bag as an attachment.
